

SMD LED Diode 1W, Natural White 4000-4500K

Reference: AM7756
EAN13: -
HS code: 85414100

Product attributes:

Product features:

Light color: Natural white
Color temperature: 4000-4500 K
Angle of light: 140°
Luminosity: 120 lm
Current: 350 mA
Voltage: 3.2-3.6 V DC
Performance: 1 W
Lifetime: 50,000 hours

Product description:

The LED parameters can be found in the product specification.
