

SMD LED Diode 3W, Green 520-525nm

Reference: AM1429

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: Green

Wavelength: 520-525 nm

Angle of light: 140°

Luminosity: 140-160 LM

Current: 700 mA

Voltage: 3.2-3.6 V DC

Performance: 3 W

Chip: 45x45 mil

Product description:

The LED parameters can be found in the product specification.
