

SMD LED Diode 1W, UV 405-410nm

Reference: AM5568

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: UV Violet

Color temperature: 405-410 nm

Angle of light: 140-150°

Luminosity: 25-30 lm

Current: 350 mA

Voltage: 3.2-3.4 V DC

Performance: 1 W

Lifetime: 50,000 hours

Product description:

The LED parameters can be found in the product specification.
