

SMD LED Diode 5W, Natural White 4000-4500K

Reference: AM1538
EAN13: -
HS code: 85414100

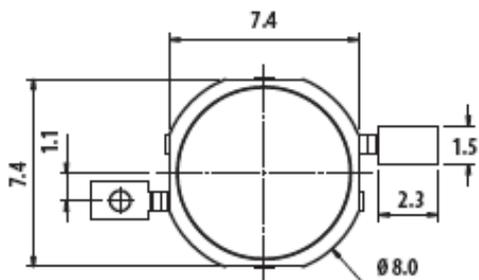

Product attributes:

Product features:

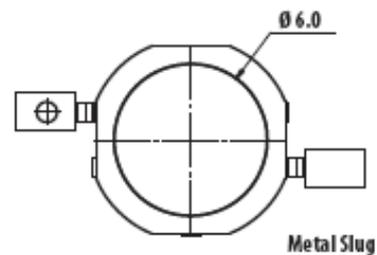

Light color: Natural white
Color temperature: 4000-4500 K
Angle of light: 140°
Luminosity: 500-600 lm
Current: 700 mA
Voltage: 6-7 V DC
Performance: 5 W
Chip: 45x45 mil

Product description:

The LED parameters can be found in the product specification.
