

SMD LED Diode 20W, White

Reference: AM1122

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: White

Color temperature: 6000-6500 K

Angle of light: 120-130°

Luminosity: 1600-1700 lm

Current: 600 mA

Voltage: 32-36 V DC

Performance: 20 W

Lifetime: 50,000 hours

Product description:

The LED parameters can be found in the product specification.
