

SMD LED Diode 30W, White

Reference: AM7227

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: White

Color temperature: 6000-6500 K

Angle of light: 120-130°

Luminosity: 2400-2500 lm

Current: 900-1000 mA

Voltage: 32-34 V DC

Performance: 30 W

Lifetime: 50,000 hours

Product description:

The LED parameters can be found in the product specification.
