

Capacitor 275V/0.1uF (100nF, 100K)

Product codes:

Reference: AM1019

EAN13: -

UPC: 85415100

Product features:

Product attributes:

Product description:

Polypropylene suppression capacitor with 100nF capacitance, maximum working voltage 275V.

The capacitor is suitable for connection to LED lamps, eliminates flickering or glowing when switched off.
