

SMD LED Diode 100W, Green 520-525nm

Reference: AM1283

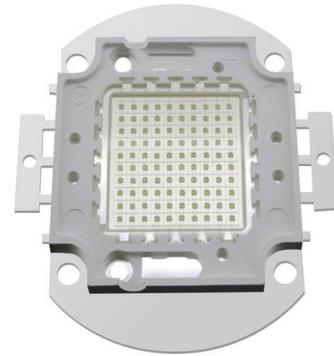

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: Green
Wavelength: 520-525 nm
Angle of light: 120-130°
Luminosity: 5000-6000 lm
Current: 3000 mA
Voltage: 32-34 V DC
Performance: 100 W
Chip: 30x30 mil

Product description:

The LED parameters can be found in the product specification.
