

Laser module blue, 5mW, 405nm, cross

Product codes:

Reference: AM6888

EAN13: -

UPC: 90132000

Product features:

Wavelength: 405 nm

Voltage: 3-5 V DC

Waterproof grade: IP20

Product attributes:

Product description:

Cross-lens laser module with zoom capability.

405nm wavelength (blue/purple)

working voltage 3-5V

degree of protection IP20

safety class 3R

Operating temperature -10 - 40 °C

size 12x12x35 mm

cable length 100 mm

range approx. 5m

price for 1 pc
