

## 12V LED Diode 10mm, Red diffuse

Reference: AM0029

EAN13: -

HS code: 85414100

### **Product attributes:**

### **Product features:**

Light color: Red

Angle of light: 120-130°

Luminosity: 2000 mcd

Current: 20 mA

Voltage: 12 V DC

### **Product description:**

Superluminous LED with connected resistor

20cm lead cable

Connected resistor corresponding to the required voltage
