

LED rectangular 2x3x4mm, white clear

Reference: AM3238

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: White

Wavelength: 6000-7000 K

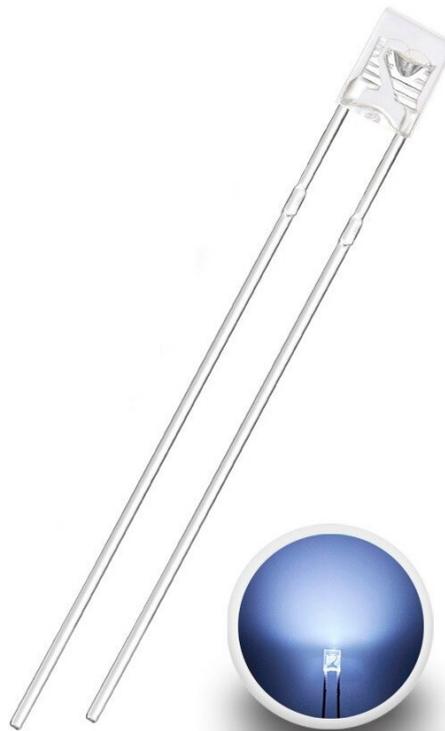

Angle of light: 160°

Luminosity: 1500 mcd

Current: 20 mA

Voltage: 3.0-3.4 V DC

Case color: White

Product description:

Super bright diode size 2x3x4mm, LED parameters can be found in the product specification.

Unit : mm
