

Power supply socket 12V, 1A, 5.5x2.1mm, White

Product codes:

Reference: AM2193

EAN13: -

UPC: 85044090

Product features:

Output voltage: 12 V DC

Output current: 1 A

Cable length: 100 cm

Connector: 5.5x2.5 mm

Waterproof grade: IP22

Product attributes:

Product description:

The compact socket power supply with an output voltage of 12 V DC and a current of 1 A is designed to power a wide range of electronic devices. Thanks to the standard DC connector 5.5 × 2.1 mm, it is an ideal choice for LED strips, LED modules, control units, small appliances and other electronics requiring stable DC voltage.

Technical specifications

- Input voltage: 100-240V AC
 - Input frequency: 47-63 Hz
 - Output voltage: 12V DC
 - Output current: 1 A
 - Maximum power: 12W
 - Connector: DC 5.5mm (outer) × 2.1mm (inner)
 - Connector polarity: positive pole on inner contact
 - Protection: IP20
 - Dimensions: 76 × 41 × 29 mm
 - Weight: 75g
 - Color: white
-

Functions and features

- Wide input voltage range allows use throughout the EU and other countries
- Stable output voltage suitable for sensitive electronics
- Standard DC connector ensures high compatibility
- Compact design suitable even for limited spaces
- Socket design without the need for external assembly

Ideal for

- Power supply for LED strips and LED modules 12 V
- Control units, LED controllers and switching modules
- Small electronic devices and consumer electronics
- Test and laboratory applications

Package contents

- 12 V DC / 1 A power supply with EU mains plug

Why choose this product?

- Proven and reliable solution for 12V applications
- High compatibility thanks to common DC connector
- Compact dimensions and low weight
- Excellent price-performance-quality ratio
