

Electrolytic capacitor 470uF/16V

Product codes:

Reference: AM3525

EAN13: -

UPC: 85415100

Product features:

Product attributes:

Product description:

Capacitance: 470 uF (tolerance $\pm 20\%$)

Voltage: 16V

Design: Radial

Pitch: 3.5mm

Size: $\varnothing 8 \times 12 \text{mm}$

Temperature: -40°C to 85°C (For longest life we recommend a temperature of around 20°C)

Package contents: 1x capacitor
