Wall-mounted digital thermostat BHT-002-GCW, Wi-fi control

Reference: AM8311
EAN13: -
HS code: 90321020

Product attributes:

Product features:

Voltage: 220-240 V AC
Starting temperature: 5-35 °C
Waterproof grade: IP20

Product description:

Wall-mounted digital thermostat with the possibility of control via Wifi, using an app on a mobile phone with Android or iOS OS.

Adjustable temperature: 5°C ~ 35°C (0.5°C resolution)

Temperature freeze: 5°C ~ 99°C

Power: 1.5W

Temperature measurement accuracy: ±1%

Temperature sensor: resistive NTC 3950, 10kΩ, 0.5%

Switching contact: 250V AC 3A

Relay contact type: switching

Operating temperature: 0 ~ 45°C

Dimensions: 86x86x38mm (for 60mm installation box diameter)

The thermostat is suitable for circulating pumps, gas boilers.
