

PCB board with power supply for 1W, 3W LED,
12-24V, diameter 30mm

Reference: AM1583

EAN13: -

HS code: 85366930

Product attributes:

Product features:

Input voltage: 12-24 V DC

Product description:

Aluminum printed circuit board with an integrated source for the LED diode (1W, 3W). The output voltage will adapt to the LED.

input voltage 12-24V DC

output voltage 2.0-7.0V DC

max. current 700mA

size 30x30mm

thickness 1.4 mm

material aluminum

weight 3 grams
