

# LED Diode 5mm, White, 12V

## Product codes:

Reference: AM7515

EAN13: -

UPC: 85414100

## Product features:

Light color: White

Color temperature: 6000-9000 K

Angle of light: 25-30°

Luminosity: 23000-26000 mcd

Current: 20 mA

Voltage: 12 V DC

## Product attributes:

## Product description:

Superluminescent LED with integrated resistor, LED parameters can be found in the product specification.
