

Digital thermometer -40 °C - 100 °C, 12V

Product codes:

Reference: AM6959

EAN13: -

UPC: 90251920

Product features:

Voltage: 12 V DC

Temperature range: -40°C - +100 °C

Probe type: NTC 3950 10K, 1%

Product attributes:

Backlight color: Red, Green, Blue

Product description:

range -40°C - +100°C

operating temperature -40 to 65 °C

operating voltage 5-12V DC

easy installation

size 48mm x 29mm x 22mm

size for hole 46mm x 27mm

cable length 20cm

temperature sensor cable length 100cm

weight 20 grams
