

Digital motor speed controller 6.5-55V max. 20A

Reference: AM6372

EAN13: -

HS code: 85044090

Product attributes:

Product features:

Current: 20 A

Input voltage: 6.5-55 V DC

Output power: 1100 W

Waterproof grade: IP20

Product description:

Digital electric motor speed controller with remote control

Speed range from 0 to 100%,
Slow start and run function (0 to 100% adjustable by 0 to 10 seconds)
Minimum and maximum speed limit (for manual control)
Motor timer (99 hours)
Start, stop cycles

Operating voltage: 6.5-55V DC (12V, 24V, 36V, 48V, 55V DC)

Current: max 20A

Max power: 1100W

Ambient humidity: 0~95%

For indoor use only

Size: 116x76x30mm

Mounting hole: 109x70mm

Weight: 95g

Wiring (description from the bottom of the PCB):

POWER (6.5-55V DC , red)

POWER - (GND, , skeleton, black)

MOTOR (motor pole, red)

MOTOR - (- motor pole, black)
