Time switching module, 220-240V AC

Reference: AM4329
EAN13: -
HS code: 85364190

Product attributes:

Product features:

Voltage: 220-240 V AC
Waterproof grade: IP20
Max. current: 10 A

Product description:

Panel module for timing, delay, cycling, intermittent timing and more.

Operating Voltage: 220-240VSwitching

Voltage: max 30V DC (5A) 240V AC (5A)

Operating Temperature: -40 to 85°CDimensions

: 79x43x26mmMounting

Hole: 73x40mmWeight

: 55g

Instruction Manual:

Short press the RESTART button to turn the timer on, long press to turn it off. By short pressing the SET button, the desired temperature can be set with the up and down arrows when the display flashes. By long pressing the SET button followed by the arrow keys, the other functions of the thermostat can be set:
