

LED Diode 8mm, Red diffuse milky

Product codes:

Reference: AM5575

EAN13: -

UPC: 85414100

Product features:

Light color: Red

Angle of light: 25-30°

Luminosity: 2000-3000 mcd

Current: 20 mA

Voltage: 2.0-2.2 V DC

Product attributes:

Product description:

Diffused superluminescent diode, see the product specification for the LED parameters.
