

Rechargeable battery GP ReCyko 2700 AA, NiMH

Reference: AM9010

EAN13: 4891199186370

UPC: 85078000

Product attributes:

Product features:

Capacity: 2600 mAh

Voltage: 1.2V DC

Type: AA

IEC designation: HR6

Charging: Yes

Product description:

The new generation of ReCyko batteries, which includes a wide range of products for everyday and professional use, brings even better performance and is environmentally friendly. It offers even better and stronger long-life batteries pre-charged from the factory, which will allow you to use them immediately after unpacking or after longer storage. After a few uses, they even provide a slightly higher capacity, and thus also durability, than stated on the packaging. The battery packaging is the first of its kind in the world to be made from 100% paper - so that it is fully ecological and recyclable. Thanks to all these advantages, you save both nature and your wallet. This ReCyko battery boasts one of the highest capacity/endurance available on the market.

Suitable for remote controls, watches, computers, video games, cameras, mp3 players, recorders, PDAs.
