

# Digital thermometer with hygrometer, -20°C - 60°C, white

Reference: AM8782

EAN13: -

HS code: 90251920

## Product attributes:

## Product features:

Color: White

Power supply: 1x CR2032 battery

Temperature range: -20°C - +60 °C

## Product description:

The compact digital thermometer with integrated hygrometer is a practical solution for continuous monitoring of indoor temperature and relative humidity. Thanks to its clear LCD display, it provides quick and easy-to-read information about current room conditions and helps maintain a healthy and comfortable environment.

## Technical specifications

- Temperature measurement range: -20 °C to +60 °C
- Humidity measurement range: 10% to 99% RH
- Temperature resolution: 0.1 °C
- Measurement accuracy:  $\pm 1$  °C,  $\pm 5\%$  RH
- Power supply: 1x CR2032 battery
- Dimensions: 44 x 44 x 14 mm
- Weight: 25g
- Color: white

## Functions and features

- Simultaneous display of temperature and humidity on the LCD display
- Comfort icon for quick visual assessment of the environment
- Compact design suitable for standing or hanging
- Low power consumption when battery powered
- Simple operation without the need for setup

## Ideal for

- Households, apartments and offices
- Children's rooms and bedrooms
- Warehouses, display cases and technical rooms
- Climate control in smaller enclosed spaces

## Package contents

- Digital thermometer with hygrometer
- Instructions for use
- **CR2032 battery not included**

## Why choose this product?

- Accurate and clear measurement of temperature and humidity in one device
- Small dimensions and modern neutral design
- Easy to install and use immediately
- A suitable accessory for indoor environment quality control
