LED Diode rectangular 2x3x4mm, UV violet clear

Reference: AM9610
EAN13: -
HS code: 85414100
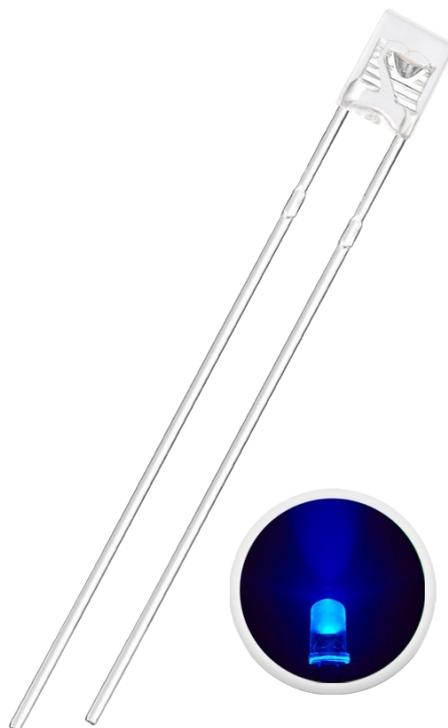

Product attributes:

Product features:

Light color: UV Violet
Angle of light: 160°
Luminosity: 1500 mcd
Current: 20 mA
Voltage: 3.0-3.2 V DC

Product description:

Superluminous diode with a size of 2x3x4mm, the parameters of the LED diode can be found in the product specification.
