

SMD LED Diode 20W, Natural white 4000-4500K

Reference: AM7779
EAN13: -
HS code: 85414100

Product attributes:

Product features:

Light color: Natural white
Color temperature: 4000-4500 K
Angle of light: 120-130°
Luminosity: 1600-1700 lm
Current: 600 mA
Voltage: 32-36 V DC
Performance: 20 W
Lifetime: 50,000 hours

Product description:

The LED parameters can be found in the product specification.
