

SMD LED Diode 50W, White 4000-4500K, 12-15V DC

Reference: AM5501

EAN13: -

HS code: 85414100

Product attributes:

Product features:

Light color: Natural white

Color temperature: 4000-4500 K

Angle of light: 140-150°

Luminosity: 4000-4500 lm

Current: 3600-4000 mA

Voltage: 12-15 V DC

Performance: 50 W

Product description:

The LED parameters can be found in the product specification.
