

# Electromagnet 8kg, 80N, 38x8mm

## Product codes:

Reference: AM5680

EAN13: -

UPC: 85059021

## Product features:

Thread: M4

Holding force: 80 N

Waterproof grade: IP67

Type: Magnetizing

## Product attributes:

Tension: 12 V DC, 24 V DC

## Product description:

Industrial grade fully encapsulated electromagnet.

holding force 8kg / 80N

limit temperature 103°C

size 38x38x8 mm

thread size M4

cable length 200 mm

price for 1 piece

---

The holding force of the electromagnet is determined at room temperature (20°C) in contact with a mild structural steel material with a polished surface for a pull directed perpendicular to the surface (1 kg  $\approx$  10 N). The minimum thickness of the anchor is given in the table (\*). In exceptional cases, the difference in holding power can be -10% of the stated values.
