

Grill motor up to 15 kg, 3rpm/m

Reference: AM5801

EAN13: -

UPC: 85044090

Product attributes:

Product features:

Input voltage: 100-265 V AC, 50/60 Hz

Power consumption: 4 W

Color: Black

Waterproof grade: IP65

Product description:

A grill motor that can handle up to 15 kg of meat, its structure is designed to be strong and stable, which ensures safety and stability in use.

The grill motor is equipped with a reliable and powerful motor that ensures even and trouble-free grilling of meat. Its precision and reliability are key to achieving the perfect grilled meat.

Overall, this grill motor is ideal for anyone looking for a powerful, reliable and safe tool for grilling large cuts of meat.

Specifications:

Speed: 3 revolutions per minute

Power consumption: 4W

Max. load: up to 20 kg (depending on the balance and positioning of the axis), usually up to 15 kg

Operating voltage: 220-250V AC

Engine weight: 0.7 kg

Cable length 1.2m.

Square size: 8x8 mm.

Protection: IP65
