

Voltage converter from DC to 230V AC, 50Hz, 2000W

Product codes:

Reference: AM6335

EAN13: -

UPC: 85044090

Product features:

Output voltage: 230 V AC

Output current: 6.7 A

Frequency: 50 Hz

Waterproof grade: IP20

Lifetime: 40,000 hours

Product attributes:

Input voltage: 12 V DC, 24 V DC, 36 V DC, 48 V DC, 60 V DC, 72 V DC, 84 V DC

Product description:

Very high quality voltage converter from DC source to 230V AC max. 2000W.

Input voltage according to the selected variant: 12V DC (10-15.5V DC), 24V (20-30V DC), 48V (40-60V), 60V (50-75V), 72 (60-90V)

Output voltage: 230 V AC, max. 2000W, pure sine

Efficiency: $\geq 95\%$

Protection against overload, overvoltage, overheating, short circuit

Certificates: CE, ROHS

Working temperature: $-40 \sim +80 \text{ }^{\circ}\text{C}$

Ambient humidity: 20~90%

Protection: IP20

Size: 360x173x76mm

Weight: 4500g
