

Printed circuit board with power source for 4x 1W, 3W LED, 12-80V, 37x37mm

Reference: AM0668
EAN13: -
HS code: 85366930

Product attributes:

Product features:

Input voltage: 12-80 V DC

Product description:

Aluminum printed circuit board with an integrated source for 4 pieces of LEDs (1W, 3W). The output voltage will adapt to the series of LEDs.

input voltage 12-80V DC

output voltage 8.0-20.0V DC

max. current 700mA

size 37x37mm

thickness 1.4 mm

material aluminum

weight 5 grams
