

Temperature probe K, 0-600°C, M6 screw

Product codes:

Reference: AM6453

EAN13: -

UPC: 90321020

Product features:

Waterproof grade: IP68

Type: K

Operating temperature: 0-600°C

Product attributes:

Length: 1 m, 2 m, 3 m, 4 m, 5 m

Product description:

Temperature probe for temperature measurement with fixed installation in the device or measured object, allows easy attachment to metal surfaces, molds, machines, etc.

Type: K

Stainless steel case

Measuring range: 0°C to 800°C

Accuracy: $\pm 0.4\%$

Cable length: 100-500cm

Shielding: metallic

Connection: Two-wire termination for screw mounting.
