

Temperature probe E, 0-400°C, eyelet 6mm

Product codes:

Reference: AM1054

EAN13: -

UPC: 90321020

Product features:

Waterproof grade: IP68

Operating temperature: 0-800°C

Probe type: E

Product attributes:

Length: 1 m, 2 m, 3 m, 4 m, 5 m

Product description:

Temperature probe for measuring surface temperature

Type: E

Stainless steel case

Measuring range: 0°C to 400°C

Accuracy: $\pm 0.4\%$

Cable length: 100-500cm

Probe cable protection: 60mm

Shielding: metallic

Connection: Two-wire termination for screw mounting.
