

Halogen bulb with H4 base, 35/35W, 12V - White 6000K

Reference: AM2636

EAN13: -

HS code: 85392210

Product attributes:

Product features:

Color temperature: 6000-6500 K

Patience: H4

Voltage: 12 V DC

Performance: 35 W

Lifetime: 400 - 600 hodin

Product description:

The H4 P43T halogen car bulb with a color temperature of 6000K provides intense white light that significantly improves visibility and safety when driving at night or in poor weather conditions.

Thanks to its modern design and high luminous intensity, it is an ideal replacement for standard light bulbs.

Technical specifications

- Socket: H4 (P43T)
- Voltage: 12V
- Power: 35/35W
- Color temperature: 6000K (cool white light)
- Light type: Halogen bulb
- Lifespan: approx. 400-600 hours
- Dimensions: standard for H4 socket

Functions and features

- Strong white light for better visibility and safer driving
