

Laser module green 520nm, 5 circles

Reference: AM8522

EAN13: -

UPC: 90132000

Product attributes:

Performance: 10 mW, 20 mW, 30 mW, 50 mW

Product features:

Light color: Green

Wavelength: 520 nm

Voltage: 5 V DC

Cable length: 100 cm

Connector: 5.5x2.1 mm

Waterproof grade: IP20

Lifetime: 8,000 hours

Appearance: Ring

Product description:

The 520nm green laser module is the ideal solution for applications where precise and clear line display is required. With different beam angles (optional), it provides an exceptionally sharp and distinct line, ideal for measurement and alignment systems, industrial applications or creative projects.

Lens: 5 circles

Wavelength: 520nm (green)

Power: depending on the variant 10mW, 20mW, 30mW, 50mW

Working voltage: 5V DC

Degree of protection: IP20

Working temperature: -10 - 50°C

Size Ø18x65mm

Cable length: 100cm

Package contents: laser module

Safety notice:

During operation, avoid any contact of the beam with human or animal eyes. The laser is not safe for human health.
