

BAY15D, 39 SMD 3030 LED, 12V - White

Product codes:

Reference: AM5767

EAN13: -

UPC: 85395200

Product features:

Light color: White

Angle of light: 360°

Luminosity: 1200 lm

Patience: BAY15D

LED type: 3030 SMD

Voltage: 12-24 V DC

Number of LEDs: 39

Waterproof grade: IP22

Lifetime: 30,000 hours

Product attributes:

Product description:

The powerful LED car bulb BAY15D with 39 SMD 3030 chips is an ideal replacement for classic two-filament bulbs. It offers significantly lower energy consumption, long service life and high brightness in a wide voltage range of 12-50V. Suitable for use in cars and trucks.

Technical specifications

- Socket: BAY15D (dual filament, brake/marker light)
 - Power: 10W/3W (12V DC)
 - LED type: 39× SMD 3030
 - Voltage: 12-50V DC
 - Luminous flux: up to 1500 lm
 - Light color: white (approx. 6000K)
 - Lighting angle: 360°
 - Dimensions: approx. 18 × 55 mm
-

- Lifespan: >30,000 hours

Functions and features

- Canbus - minimizes on-board computer error messages
- Two-way use - bulb with brake and marker light function
- High efficiency and low consumption compared to halogen bulbs
- Instant light on - increased safety when braking
- Durable construction with aluminum body for better cooling

Ideal for

- Brake lights
- Side/taillights
- Daytime running lights (DRL) - depending on the vehicle design
- Use in passenger cars, vans and trucks

Package contents

- 1× LED bulb BAY15D 39×SMD 3030

Why choose this product?

- Wide voltage range 12-50V - also suitable for trucks
- High light output with low consumption
- Long life and reliability
- Easy installation by replacing the original bulb
- Modern LED technology ensures greater safety and energy savings
