

AA zinc battery, AGFAPHOTO, R6

Reference: AM2013
EAN13: 4250175808116
HS code: 85078000

Product attributes:

Product features:

Voltage: 1.5 V DC
Type: AA
IEC designation: R6
Charging: No

Product description:

An economical choice for devices with low to medium power consumption - ideal for remote controls, wall clocks, toys or emergency lights. Thanks to classic zinc-carbon technology, it offers reliable performance in normal use and a very reasonable price. The batteries have a stable voltage throughout their life and minimal self-discharge during storage, so you will have them ready for immediate use - whether at home, in the office or at the cottage. The practical pack of four allows you to always have enough reserve for a quick replacement. A great choice if you are looking for affordable and universal power for everyday needs.

Number of pieces in the package: 4 (price for 1 piece)

Special technology guarantees protection against battery leakage

Designation: R06, 1.5V

Uses: remote controls, toys, clocks, alarm clocks..
