

Alkaline battery AGFAPHOTO A23/LR23, 12V

Product codes:

Reference: AM3398
EAN13: 4891199100420
UPC: 85078000

Product features:

Voltage: 12 V DC
IEC designation: A23
Charging: No

Product attributes:

Product description:

The A23 alkaline battery from AGFAPHOTO is designed to power compatible electronic devices requiring this battery format. It is suitable as a replacement source for devices requiring a battery marked A23, LR23 or 23AE.

Technical specifications

- Battery type: A23
- Alternative size designations: LR23, 23A
- Rated voltage: 12 V
- Capacity: 55mAh
- Dimensions: diameter 10 mm, height 28 mm
- Number of pieces in the package: 1 piece
- Manufacturer: AGFAPHOTO
- Packaging type: blister

Functions and features

- Alkaline version for use in devices designed for A23 battery format.
 - Compact cylindrical format suitable for small electronic devices.
 - Compatible with A23, LR23 and 23AE markings.
-

Ideal for

- Remote controls and controls with A23 battery support.
- Smaller electronic devices using a 12V battery in A23 format.
- Replacement power supply for devices requiring a dimensionally and electrically compatible cell.

Package contents

- 1x alkaline battery AGFAPHOTO A23 12 V

Why choose this product?

- The clearly stated marking of the A23, LR23 and 23AE formats makes it easy to check compatibility.
- Known electrical parameters allow for the correct selection for the corresponding device.

Safety notice

- Use only in devices designed for A23 battery with the appropriate voltage.
- Do not attempt to recharge, disassemble, short-circuit, or dispose of the battery in fire.
- Observe the correct polarity when inserting.
- Keep out of reach of children.
- Once discharged, hand in the batteries for recycling at a designated collection point.
