BA15S, 39 SMD 3030 LED, 12V - White

Reference: AM6576
EAN13: -
HS code: 85395200

Product attributes:

Product features:

Light color: White
Angle of light: 360°
Luminosity: 2000 lm
Patience: BA15S
Voltage: 12 V DC
Number of LEDs: 39
CANBUS Chip: YES
Performance: 10 W
Lifetime: 30,000 hours

Product description:

The powerful LED car bulb with a BA15S base equipped with 39 SMD 3030 chips provides intense white light with a long lifespan. Ideal for upgrading classic bulbs in automotive lights, it provides higher brightness, lower energy consumption and instant response.

Technical specifications

- Base: BA15S (single-contact, bayonet)
- LED chips: 39× SMD 3030
- Light color: white
- Supply voltage: 12-50 V DC
- Power consumption: 10W (12V)
- Luminosity: high brightness, suitable for daytime running lights and turn signals
- Lighting angle: 360°
- Dimensions: approx. 50 × 18 mm
- Cooling: aluminum cover for better heat dissipation

Functions and features

- Instant light on without delay
- Significantly lower consumption compared to a classic light bulb
- Long lifespan of LED chips (up to 30,000 h)
- Resistance to vibration and shock
- Compatible with both 12 V and 24 V voltages

Ideal for

- Directional lights
- Tail and brake lights
- Parking lights
- Trailer lighting

Package contents

- 1× BA15S LED bulb 39×SMD 3030 – white

Why choose this product?

- High light output and pure white color
- Wide supply voltage range 12–50 V
- Energy saving compared to halogen bulbs
- Durable design with aluminum heatsink
- Easy installation thanks to standard BA15S base
