

Reduction from 5.5x2.1mm to 2.0x0.6mm, DC connector

Product codes:

Reference: AM4202-L

EAN13: -

UPC: 85044090

Product features:

Color: Black

Connector: 2,0x0,6 mm

Waterproof grade: IP22

Product attributes:

Product description:

Practical adapter for easy connection of devices with different sizes of DC connectors. Allows conversion from a standard 5.5x2.1mm power connector (female) to a smaller 2.0x0.6mm connector (male). Ideal for connecting power adapters to devices with different inputs.

Technical specifications

- Input connector: DC female 5.5x2.1mm
- Output connector: DC male 2.0x0.6mm
- Adapter length: 40 mm
- Color: Black
- Material: Plastic body with metal contacts

Functions and features

- Allows easy conversion between two DC connector sizes
- Compact design suitable for mobile and stationary applications
- Strong and reliable mechanical connection
- No assembly required – plug & play

Ideal for

- Power adapters with 5.5x2.1mm output
- Device with 2.0x0.6mm connector
- DIY electronic projects
- LED lighting, modules, routers, players, etc.

Package contents

- 1x DC reduction

Why choose this product?

- Quick and easy solution for incompatible power connectors
- Universal use for a wide range of devices
- Quality workmanship ensuring long service life
- Affordable and practical accessories for every workshop table
