

# DC 5.5x2.1mm splitter cable, female to male, white

## Product codes:

Reference: AM2867

EAN13: -

UPC: 8414900090

## Product features:

Color: White

Conductor cross section: 0,33 mm<sup>2</sup>

Max. current: 3 A

## Product attributes:

Number of outputs: 2, 3, 4, 5

## Product description:

Universal power splitter with one female input and multiple male outputs allows you to easily power multiple devices from a single source. Ideal for LED strips, CCTV cameras, routers and other electronics with a voltage of 5V-48V.

## Technical specifications

- Connector type: DC 5.5mm x 2.1mm
- Number of inputs: 1x female (DC socket)
- Number of outputs: 2/3/4/5x male (depending on variant)
- Connector outer diameter: 5.5 mm
- Connector inner diameter: 2.1 mm
- Maximum current: 3 A
- Voltage: 0-48V DC
- Cable length: 15 cm
- Conductor material: copper
- Insulation: PVC
- Polarity: depends on input source

## Functions and features

---

- Plug & Play solution – no soldering required
- Stable and safe voltage transmission thanks to copper conductor
- Solid connector design with kink protection
- Compatible with all common 5-48V devices
- Easily expand one power source to multiple devices

#### **Ideal for**

- LED strips and LED modules
- Security cameras (CCTV systems)
- Routers, switches and other network elements
- Miniature electronics, sensors, Arduino, etc.

#### **Package contents**

- 1x DC splitter cable

#### **Why choose this product?**

- Reliable power for multiple devices from a single source
- Universal use in domestic and industrial applications
- Durable construction and high-quality copper core
- Available variants from 1 to 2 to 1 to 5
