Metal switch with latch, 15A, silver, mounting hole 19mm, IP65

Reference: AM5674
EAN13: -
HS code: 85365080

Product attributes:

Tension: 3-6 V DC, 12-24 V DC, 110-220 V AC
Backlight color: Red, Green, Blue, Yellow, White

Product features:

Power consumption: 0.2 W
Housing material: Stainless steel
Waterproof grade: IP65
Mounting hole: 19 mm
Max. switching current: 15 A
Max. switching voltage: 265V AC /30 V DC
Locking: Yes

Product description:

Professional metal push button switch with a diameter of 21 mm with LED backlight is designed for universal use in industrial, automotive and domestic applications. Thanks to the high current load of 15A, robust metal construction and IP65 protection, it is ideal for reliable switching and controlling devices even in more demanding conditions.

Technical specifications

- Mounting diameter: 19 mm
- Head type: flat
- Switch combination: 1NO (one switching contact)
- Function: self-holding (latching)
- Max. switching voltage: 240 V AC
- Maximum current: 15 A
- LED backlight color: red, green, yellow, blue, white (depending on variant)
- LED voltage: 3–6 V / 12–24 V / 110–220 V (depending on variant)
- Body material: nickel-plated copper / stainless steel / black oxidation aluminum
- Protection: IP65, resistance IK09
- Color: silver
- Dimensions: 22x22x28.5mm

Functions and features

- Robust metal body resistant to mechanical damage
- LED backlight for clear status indication
- Resistance to moisture, dust and water (IP65)
- Easy installation thanks to standard diameter of 19 mm
- Safe flame retardant base

Ideal for

- Automotive and motorcycle installations
- Machine and equipment control panels
- Home and industrial automation
- Power circuits and switching modules
- DIY and IoT projects

Package contents

- 1× metal push button switch 19 mm with LED according to the selected variant

Why choose this product?

- High current carrying capacity up to 15 A
- Long service life and reliability thanks to high-quality materials
- Universal use in a wide range of applications

- Durable body and IP65 waterproof design
- Easy installation and clear wiring
