

LED bulb W21/5W, 39 SMD 3030 LED, 12V - White

Product codes:

Reference: AM6958

EAN13: -

UPC: 85395200

Product features:

Light color: White

Angle of light: 360°

Luminosity: 1200 lm

Patience: T20

LED type: 3030 SMD

Voltage: 12 V DC

Number of LEDs: 39

Waterproof grade: IP22

Lifetime: 30,000 hours

Product attributes:

Product description:

The powerful LED car bulb W21/5W with T20 / W3×16q base and 3030 SMD technology offers high brightness, long life and low energy consumption. Thanks to the wide voltage range of 12-50V, it is an ideal replacement for classic halogen bulbs and ensures reliable lighting for your car.

Technical specifications

- Socket: T20, W21/5W (7443)
 - LED chips: 39× SMD 3030
 - Supply voltage: 12-50V DC
 - Light color: white
 - Power consumption: 10W/3W (12V)
 - Dimensions: 52 × 20 mm
 - Cooling: aluminum body for better heat dissipation
 - Lifespan: more than 30,000 hours
-

Functions and features

- High brightness and wide lighting angle
- Durable aluminum construction with a modern design
- Instant light on without delay
- Compatible with 12V and 24V systems
- Significant energy savings compared to halogen bulbs

Ideal for

- Directional lights
- Brake lights
- Rear position lights
- Parking lights
- Daytime running lights (DRL)

Package contents

- 1× LED car bulb

Why choose this product?

- Top performance and brightness thanks to 39 SMD chips
- Long life and durable construction
- Wide compatibility with voltages of 12-50V
- Economical and ecological solution compared to classic light bulbs
- Easy installation - plug & play
