

Halogen bulb with H15 base, 15/55W, 12V - White 6000K

Reference: AM4357
EAN13: -
HS code: 85392210

Product attributes:

Product features:

Light color: White
Color temperature: 6000-6500 K
Angle of light: 360°
Patience: H15
Voltage: 12 V DC
Performance: 15/55 W
Lifetime: 500 hodin

Product description:

The H15 halogen car bulb is the ideal solution for upgrading your vehicle. Thanks to the cold white light with a temperature of 6000K, it provides significantly better visibility and at the same time a sporty appearance that resembles xenon or LED headlights. The combination of 15W (for daytime running lights) and 55W (for low/high beam) functions ensures universal use in one housing.

Technical specifications

- Socket type: H15
- Power: 15W / 55W
- Supply voltage: 12V
- Light temperature: 6000K (cool white)
- Luminous flux: approx. 1200-1500 lm
- Lifespan: up to 500 hours
- Dimensions: standard H15 compatible

Functions and features

- Dual function - 15W for daytime running lights, 55W for main light
- Modern white light with xenon/LED effect
- Improved visibility and safety on the road
- Easy installation - plug & play into H15 sockets
- Compatible with most vehicles using H15 bulbs

Ideal for

- Passenger cars with H15 socket
- Replacement for classic yellow halogens
- Drivers who prefer a brighter, more modern look for their lights

Package contents

- 1x halogen bulb H15 15/55W 6000K

Why choose this product?

- Combination of daytime running lights and main light in one bulb
 - Modern white light similar to xenon/LED lights
 - Easy replacement without modifying the electrical installation
 - Improve visibility and make your car look more attractive
