Product features:

Product description:

Practical USB-C adapter with a bend in the middle of the connector. Allows easy cable routing downwards or sideways while maintaining high power output of up to 140W and data transfer of 40Gbps.

Technical specifications

- Power: up to 140W (Power Delivery 3.1)
- Data transfer: 40Gbps
- Video: up to 8K UHD
- Connector: USB-C male → USB-C female (middle bend)
- Compatibility: USB4, Thunderbolt 3/4

Functions and features

- Bend in the middle for easier cable handling
- The ideal solution when you need to relieve strain on the connector
- Stable and fast data and image transmission

Ideal for

- Notebooks and tablets with USB-C PD
- Working with cables in confined spaces
- Long-term use without port damage

Package contents

- 1× USB-C adapter

Why choose this product?

- Effective cable relief through bending
- Up to 140W of power and 40Gbps data transfer
- Modern design and high durability
