

Rechargeable battery GP ReCyko 950 AAA, Ni-MH

Product codes:

Reference: AM9971

EAN13: 4891199212666

UPC: 85078000

Product features:

Capacity: 950 mAh

Voltage: 1.2 V DC

Type: AA

Product attributes:

Product description:

The new generation of ReCyko batteries, which includes a wide range of products for both everyday and professional use, delivers even better performance and is environmentally friendly. It offers even better and stronger batteries with a long life pre-charged from the factory, which allows you to use them immediately after unpacking or after longer storage. After a few uses, they even provide a slightly higher capacity and therefore a longer life than stated on the packaging. The battery packaging is the first of its kind in the world made of 100% paper - so that it is fully ecological and recyclable. Thanks to all these advantages, you save both nature and your wallet. This ReCyko battery boasts one of the highest capacities/lifespans available on the market.

Suitable for remote controls, watches, computers, video games, cameras, mp3 players, recorders, PDAs.
