

Halogen bulb with H15 base, 15/55W, 12V - 4300K

Product codes:

Reference: AM8999

EAN13: -

UPC: 85392210

Product features:

Angle of light: 360°

Patience: H15

Voltage: 12 V DC

Performance: 15/55 W

Lifetime: 500 hodin

Product attributes:

Product description:

High-quality halogen car bulb with H15 base designed for vehicles using combined daytime running lights and dipped/high beam functions. It offers stable performance, excellent brightness and reliable quartz glass construction for longer life.

Technical specifications

- Socket: H15
 - Voltage: 12V
 - Power: 15 W (DRL) + 55 W (main light)
 - Light source: Halogen bulb
 - Light temperature: 4300K (warm white)
 - Bulb material: UV Quartz Glass (quartz glass with UV filter)
 - Conductor: High purity tungsten filament
 - Gas filling: Kr/Xe mixture - higher brightness and longer life
 - Dimensions: height 75 mm, bulb diameter 13 mm
 - Weight: 18g
 - Connector: robust 3-pin module for DRL and low/high beam
 - Protection: IP20
-

Functions and features

- Double filament – ideal for daytime running lights + low/high beam in one body.
- High-purity tungsten filament ensures stable light output.
- UV Quartz bulb for higher temperature resistance and longer life.
- Vibration resistance suitable for use in harsh conditions.
- Problem-free replacement thanks to the standardized H15 socket.
- Instant response and consistent luminosity.

Ideal for

- Daytime running lights (DRL)
- Low beam headlights
- High beam headlights
- Vehicles requiring a combined H15 module

Package contents

- 1× halogen bulb H15 12V 15/55W

Why choose this product?

- Long service life thanks to high-quality quartz glass and inert gas.
- Stable and bright light output for safer driving.
- Easy installation without the need for electrical modifications.
- Reliable and proven design ideal for most modern vehicles.
