

# Single-core wire SIF 0.75mm (CYA) up to 180°C

## Product codes:

Reference: AM9107

EAN13: -

UPC: 85444991

## Product features:

Cross section: 0.75 mm<sup>2</sup>

Quantity core: 1

Voltage U:: 500 V

Voltage U0: : 300 V

## Product attributes:

Color: Red, Black, Brown

## Product description:

Wire CYA 1x0.75mm. Cable insulation is flexible.

Core: copper

Core class: 5

Core insulation: silicone, fire retardant

Use: indoor, under plaster, in pipes, in dry environment, for fixed installation, for instrument wiring, for distribution stations, in industry, into ducts, for electrical machines and equipment

Cable shape: round
