SMD LED Diode 3528, White

Reference: AM8842
EAN13: -
HS code: 85414100

Product attributes:

Product features:

Light color: White
Color temperature: 6000-6500 K
Angle of light: 120-130°
Luminosity: 2500 mcd
Current: 20 mA
Voltage: 3.2-3.4 V DC
Lifetime: 50,000 hours

Product description:

The LED parameters can be found in the product specification.
